

SEMC Secretariat Communiqué

SEMC Website and access to Plans, Policies and Procedures

The SEMC is continually working to improve the SEMC website (www.semc.wa.gov.au). This includes ensuring ready access to current State Emergency Management Polices, Plans and Procedures on the site.

To ensure all stakeholders have access to current documents simultaneously, the SEMC Secretariat uploads new and amended SEMC Policies, Plans and Procedures to the SEMC website (<http://www.semc.wa.gov.au/Pages/DocumentLibra.aspx>) and informs all emergency management stakeholders by email.

Stakeholders may wish to print hardcopies from the SEMC website and store them centrally, according to individual agency policy.

Please inform all relevant staff of this process.

Noelene Jennings
Executive Director
SEMC Secretariat
