

2021-22 National Disaster Risk Reduction (NDRR) Program – Quick Eligibility Check

To be eligible to apply, all requirements outlined in this document must be met.

Applications close 12 pm (midday), Friday 24 September 2021.

By applying, it is expected that you have understood all information in the [Guidelines for Applicants](#) and [Sample Funding Agreement](#).

SECTION 1. My organisation:

- is willing to sign and comply with the requirements in the NDRR Funding Agreement (refer [Sample Funding Agreement](#))
- does not have any current non-compliant Natural Disaster Resilience Program (NDRP), National Bushfire Mitigation Program (NBMP) or All West Australians Reducing Emergencies (AWARE) grants
- is incorporated and has an ABN
- is not applying for funds to respond to, or recover from, an event
- where relevant, is compliant with any applicable legislated or policy requirements of SEMC and DFES
- has undertaken a project risk assessment for the delivery of this project
- will comply with any relevant codes and Acts, including the Australian Government Building and Construction WHS Accreditation Scheme and comply with the Building Code 2016

SECTION 2. My project:

- addresses at least one Commonwealth [National Disaster Risk Reduction Framework](#) priority
- demonstrates one or more of the 11 Action Areas within the [WA Implementation Plan](#)
- delivers sustained outcomes in disaster risk reduction and not temporary outputs. For Research Projects, attach a letter of support from a relevant Hazard Management Agency stating the intended application of the findings of your project
- will directly benefit the WA community
- serves the public interest and does not provide a commercial advantage
- does not have a more appropriate funding source or should not be delivered by a more appropriate organisation
- has realistic outcomes
- has realistic outputs, timeframes and a credible budget and milestones
- will not commence before the Funding Agreement is signed, or before the 1 January 2022 and will commence prior to 31 December 2022
- where relevant, will apply a [Creative Commons](#) licence
- is consistent with the policies and intentions of both the Australian and Western Australian Governments

SECTION 3. My application:

- has endorsement from the Chief Executive Officer (or equivalent) and Chief Financial Officer (or equivalent), the applicant confirms this endorsement with the Application Form Declaration
- is requesting NDRR funding between \$10,000 and \$250,000 (no GST applied)
State/Sector wide projects have no upper limit beyond funds available this round
- contributes at least 50% of the project's total costs in cash or in-kind contributions, provided by my organisation or other confirmed sources
- addresses at least one of the seven [managed natural hazards](#)
- is funding for an activity that won't require ongoing NDRR funding to be sustainable
- is funding for an activity that is not part of my organisation's ordinary function or responsibilities (business as usual), including maintenance, upkeep and operational expenses, regular/required exercises or training and ongoing projects.

If you meet all requirements you are eligible to apply: Please complete and return the [Application Form](#).

Incomplete Quick Eligibility Checks will not be followed up and the application may be deemed ineligible
